

# Pettit Paint's 2012 Product Line Up

## New Product Spotlight

### EZ-Poxy<sup>2</sup> • Two-Part Polyurethane Marine Paint

EZ-Poxy<sup>2</sup> is a high-performance, two-part polyurethane marine paint without all of the costs and hassles associated with two-part enamels. EZ-Poxy<sup>2</sup> combines the added gloss, wear resistance, and durability boaters are looking for in a two-part polyurethane enamel with the ease of application of a single part product. This revolutionary formula reduces the effects of brush strokes and is so forgiving; it's practically fool-proof. In fact, EZ-Poxy<sup>2</sup> is so innovative that it makes exact mixing ratios a thing of the past. Its added UV protection and gloss retention will keep your boat looking shiny and new for years to come. It is more economical, requires less effort, and is more forgiving than the competition. Available January 2012. Whites and Buff Beige available in 1.3 gallon and 1.3 quart kits. All colors available in 1.3 quart kits.

Part #	Color	Part #	Color
3821	Yacht White	3835	Commodore Blue
3823	White Sand	3837	Twilight Blue
3825	Mist White	3839	Lemonade
3827	Blue Moon White	3841	Bermuda Green
3829	Buff Beige	3843	Gull Gray
3831	Signal Red	3845	Black Ice
3833	Endeavor Blue		

### Hydrocoat SR • Dual-Biocide, Multi-Season, Water Based Ablative

Hydrocoat SR takes water-based antifouling to a whole new level of performance. Composite Copper Technology is combined with an organic algaecide to offer dependable protection against hard and soft fouling, while lowering the paint's environmental impact. Hydrocoat SR replaces the harsh solvents found in most bottom paints with water, providing an easier application and clean up, with low VOC's and no heavy solvent smell. Hydrocoat SR's unique formula allows unlimited dry time to launch, so you can paint in the fall or winter. Available in quarts and gallons.

1247	Blue
1647	Red
1847	Black

### EZ-Fair • Epoxy Fairing Compound

EZ-Fair 7050 is a lightweight, two-part epoxy putty designed for filling and smoothing surface imperfections above and below the waterline. The special resins used in EZ-Fair impart a high degree of water and chemical resistance to the product, making it an integral part of the Pettit Gelcoat Blister Repair System. In addition, EZ-Fair is the product of choice for fairing metal keels or any underwater surface. Use it for leveling uneven surfaces, filling gouges, scratches, or other damage on fiberglass, wood, or metal surfaces. EZ-Fair is non-sagging and non-shrinking and sands to a smooth finish. The quick-cure formula allows for multiple coats to be applied and sanded in a single day. Available in 1-1/2 quarts kits and easy to use cartridge.

## Product Changes

Alumacoat SR (1160, 1260, & 1660)	White, Blue, and Red colors discontinued (Now available in black gallons only)
Dura-White (3121)	Product changed to 3121 EZ Cabin-Coat
Flexpoxy (7076)	New single cartridge packaging coming spring of 2011
Metal Primer Pack (6455/044)	New packaging for quart and gallon-sized product eliminates separate activator bottle
Pettit Protect Epoxy Primer (4700/4701)	New packaging for quart and gallon-sized product eliminates boxes
Sandless Primer (6999)	Now available in quarts only. Gallon-sized container discontinued
Sea Mate Antifouling	New tri-polymer ablative formula available in blue (1225), red (1625), and black (1825) gallons
Splash Zone Epoxy Compound (A-788)	New convenient quart-size kit available (Kit contains 1 pint of part "A" and 1 pint of part "B")
Super Premium Performance	Discontinued - Use Unepoxy Plus or Trinidad
Trinidad	Green quarts are discontinued
Trinidad SR	Red and green quarts are discontinued
Trinidad VOC	Available in black and blue gallons only. All other colors and quarts are discontinued
Ultima SR-40	Available in gallons only - all quarts are discontinued
Underwater Metal Kit (6456)	New packaging eliminates box and provides smaller kit at better price-point
Unepoxy VOC	Discontinued - Unepoxy Standard with Clean Core Technology is VOC compliant
Vivid Epoxy Primer	New packaging eliminates boxes - Now called Pettit Protect White
Vivid Free (1662)	Red color # 1662 added to product line

# Ablative Antifoulants (Self Polishing)
