

# Pettit Paint's 2009 Product Line Up

## New Products

### Ultima® Fusion • Self-Polishing Copolymer Antifouling

- Most controlled and effective release of biocide available
- Surface becomes smoother and slicker over time, regardless of use
- Superior self-polishing technology provides for maximum fuel efficiency
- Available Fall 2008 in quarts and gallons

Part #	Color	Part #	Color
1299	Blue	1699	Red
1399	Green	1899	Black

### Vivid® Eco • Bright Colored Copper-Free Antifouling

- All the color of Vivid with the power of new non-metal Econeal®
- Self-polishing copolymer technology
- Breakthrough biocide is biodegradable
- Available Spring 2009 in quarts and gallons

Part #	Color	Part #	Color
1106	White	1406	Yellow
1206	Blue	1606	Red
1306	Green	1806	Black

### Bio-Blue® • Pre-Paint Cleaner # 92

- De-waxes, etches, cleans, de-greases and prepares bare fiberglass and painted surfaces for painting
- Easy to use: simply apply using short nap roller, lightly scrub with a Scotch-Brite pad and wipe off with wet sponge
- Product is blue in color and biodegradable with no VOC content

## Product Changes

### Ultima® SR-60 • Dual-Biocide High-Copper Ablative

- Ultima® Pro becomes Ultima® SR-60
- Highest copper load available (60%)
- Ablative finish technology reduces build-up
- Dual biocides provide unmatched multi-season protection
- Same great formula as Ultima® Pro

Part #	Old Product	New Product
1032	Ultima® Pro Blue	Ultima® SR-60 Blue
1033	Ultima® Pro Green	Ultima® SR-60 Green
1036	Ultima® Pro Red	Ultima® SR-60 Red
1038	Ultima® Pro Black	Ultima® SR-60 Black

### Ultima® SR-40 • Dual-Biocide Performance Ablative

- Horizons® Pro and Ultima® SR become Ultima® SR-40
- High copper load (40%)
- Ablative technology reduces build-up
- Dual biocides provide excellent multi-season performance
- Same proven formula as Ultima® SR and Horizons® Pro

Part #	Old Product	New Product
1092	Horizons® Pro/Ultima® SR 1297 Blue	Ultima® SR-40 Blue
1093	Horizons® Pro/Ultima® SR 1397 Green	Ultima® SR-40 Green
1096	Horizons® Pro/Ultima® SR 1697 Red	Ultima® SR-40 Red
1098	Horizons® Pro/Ultima® SR 1897 Black	Ultima® SR-40 Black

### Ultima® SSA • Ablative Antifouling Paint

- Premium® SSA becomes Ultima® SSA
- Ablative technology means paint film will wear away over time eliminating sanding and paint build up
- Can be used on most previously painted surfaces
- Exceptional performance at an affordable price
- Dark blue color added for 2009

Part #	Old Product	New Product
1281	Premium® SSA Blue	Ultima® SSA Blue
1282	N/A	Ultima® SSA Dark Blue
1381	Premium® SSA Green	Ultima® SSA Green
1681	Premium® SSA Red	Ultima® SSA Red
1881	Premium® SSA Black	Ultima® SSA Black

## Ablative Antifoulants (Self Polishing)

## Product Availability

• Self-polishing copolymer surface becomes smoother and slicker over time, regardless of use	Green	1306	•	•
	Yellow	1406	•	•
• Most controlled and effective release of biocide available	Red	1606	•	•
• Superior self-polishing technology provides for maximum fuel efficiency	Black	1806	•	•
• Breakthrough biocide is biodegradable				
• Metal-free Econeal™ will not cause galvanic corrosion and is safe for use on aluminum hulls and outdrives				
• Available Spring 2009				

<b>Vivid®</b>				
• Brightest colors including the blackest black and the whitest white	White	1161	•	•
• Excellent multi-season, dual biocide	Blue	1261	•	•
• Hybrid technology incorporates the benefits of abrasives and hard paints	Green	1361	•	•
• Withstands trailering and is easily burnished to a racing finish	Yellow	1461	•	•
• Can be hauled and launched	Red	1661	•	•
• The perfect choice for any boat	Black	1861	•	•

<b>Vivid® Free</b>				
• Environmentally friendly antifouling available in clean, bright colors	White	1162	•	
• Controlled erosion minimizes buildup and keeps surfaces smooth	Blue	1262	•	
• Haul and re-launch without recoating	Black	1862	•	

## Hard Antifoulants

## Product Availability

Description	Color	Part #	Gal	Qt	Description	Color	Part #	Gal	Qt
<b>Trinidad® SR</b>					<b>Unepoxy® Plus</b>				
• Dual biocide with 70% copper	Blue	1277	•	•	• Excellent performance and adhesion	Blue	1218	•	•
• Unprecedented antifouling protection	Green	1377	•	•	• 55.6% copper load offers more protection for the dollar	Green	1318	•	•
• Left In the water, Trinidad® SR provides years of dependable service	Red	1677	•	•	• Higher performance without the high price	Red	1618	•	•
	Black	1877	•	•		Black	1818	•	•
<b>Trinidad® PRO</b> (For professional applicators only)					<b>Copperguard®</b> (For professional applicators only)				
• Dual biocide with 70% copper	Blue	1082	•		• 45.7% cuprous oxide	Blue	1042	•	
• Unprecedented antifouling protection	Green	1083	•		• Outstanding coverage and adhesion	Green	1043	•	
• For the professional applicator	Red	1086	•		• Proven performance and aggressive pricing make this a excellent choice for a professional applicator's house brand	Red	1046	•	
• Same great formula as Trinidad® SR priced for the professional applicator	Black	1088	•			Black	1048	•	
<b>Trinidad®</b>					<b>Unepoxy®</b>				
• Proven track record of performance	Blue	1275	•	•	• Durable hard finish is able to withstand season-long use and abuse	Blue	1228	•	•
• Designed for extreme fouling conditions with up to 75% cuprous oxide	Green	1375	•	•	• Compatible over most bottom paints	Green	1328	•	•
• Hard, durable, finish for long lasting performance	Red	1675	•	•	• Effective in both fresh and salt water	Red	1628	•	•
• Left In the water, Trinidad® provides classic, year-round service	Black	1875	•	•	• Suitable for trailered boats	Black	1810	•	•
	Brown	1575	•	•	<b>The Protector®</b> (West Coast Only)				
<b>Trinidad® 75</b> (For professional applicators only)					• High copper load offers excellent performance in all conditions	Red	B90	•	•
• Proven track record of performance with up to 75% cuprous oxide	Lt. Blue	1071	•		• Hard finish is easily burnished	Blue	B91	•	•
• Hard, durable, long lasting	Dk Blue	1072	•		• Classic year-round service	Black	B94	•	•
• Left In the water, Trinidad® 75 provides classic, year-round service	Red	1076	•		<b>Trinidad® VOC</b> (West Coast Only)				
• Same great formula as Trinidad® priced for the professional applicator	Black	1078	•		• Very high copper content	Green	1378	•	•
	Spc Blk	1079	•		• Offers excellent performance in all conditions like Trinidad	Red	1678	•	•
<b>Super Premium Performance®</b> (For professional applicators only)					• Hard finish is easily burnished	Black	1878	•	•
• Highly effective antifoulant	Blue	1290	•	•	<b>Unepoxy® VOC</b> (West Coast Only)				
• Up to 66.9% cuprous oxide	Green	1390	•		• Durable hard finish	Green	1345	•	•
• Similar to original Woolsey Neptune®	Red	1690	•	•	• Compatible over most bottom paints	Red	1645	•	•
• A cost effective way to achieve a high level of protection	Black	1890	•	•	• The standard for many years	Black	1845	•	•
					• Performance of regular Unepoxy®				

## Aluminum Antifoulants

<b>Alumacoat® SR</b>					<b>Alumaspray® Plus</b>				
• Copper free antifouling for all underwater metals including aluminum	White	1160	•	•	• Aerosol antifouling for use on aluminum outdrives and outboards without a barrier coat	Black	1863		<b>12 oz Spray</b>
• Clean, bright colors	Blue	1260	•	•	• Will not cause galvanic corrosion	Gray	1763		<b>12 oz Spray</b>
• Ablative technology minimizes coating buildup and reduces friction	Red	1660	•	•	• Advanced self cleaning formula offers superior slime resistance				
	Black	1860	•	•
